President's Message

In all of my life I can never remember such a challenging year for our industry. We are all in this together! As a valued partner of the Aquarius Family, I encourage you to take advantage of our highly subsidized marketing material as a means to expand services to your customers. There is no quicker way to generate sales then to market to your current customer base.

Also, ask an Aquarius Associate about our new Rainwater Harvesting product offering. This is a new opportunity for you to grow your sales during these challenging times.

We look forward to serving your business needs. Thank you for your support.

Robert Beausoleil
