

Where the professional contractor comes first™

# AQUARIUS

IRRIGATION • LIGHTING • PONDS • DRAINAGE

May 2007

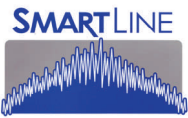

We still make "House Calls", and we call the new nationwide number "811" before digging! Do you?

## Water Conservation Means \$\$\$ For You! Online Access

### Promote Water Conservation with SmartLine & MP Rotator!

Stay ahead of impending water conservation regulations and offer your customers state of the art water conservation devices when you perform maintenance visits, system turn on, and service calls!

Upgrade your customers irrigation systems this spring/summer and save them up to 50% on their water bills, while adding income to your bottom line! The typical SmartLine upgrade with weather monitor can mean an additional \$700 in revenue for each upgrade you install! Converting inefficient rotor zones to the MP Rotator saves even more water, and allows for additional revenue on the same visit! For more information, and free customized marketing materials to help you sell water efficient upgrades, call or email your local Aquarius Branch today.

Learn more about how SmartLine and MP Rotator can increase your bottom line at:
